PROFESSIONAL SUMMARY

Early-career HR professional with hands-on experience across full-cycle recruiting, employee engagement and DEI programming, HR compliance, and people analytics in healthcare, consulting, and higher education environments. Builds the tracking systems, training programs, and reporting that keep hiring and people initiatives organized and effective, with a growing foundation in people analytics through Tableau and Python.

EDUCATION

MS, Human Resource Management | *Northeastern University, Boston, MA* | GPA: 3.76/4.00 **May 2026**
BS, Psychology | *Women's Christian College, University of Madras, India* | GPA: 3.7/4.00 **April 2024**

EXPERIENCE

Culture and Belonging Intern | *Riverside Community Care, Boston, MA* **Sep - Dec 2025**

- Led the consolidation of multiple Employee Resource Groups into one enterprise-wide Culture Club, building the governance structure and engagement cadence from scratch.
- Built evaluation frameworks to collect participation, feedback, and engagement data, then used those insights to launch new employee engagement programs that were well received across the organization, while also designing original training content for employees.

Student Facilitator | *Graduate Leadership Institute, Northeastern University, Boston, MA* **Sep - Dec 2025**

- Owned end-to-end program coordination for 30+ graduate students, building the scheduling, readiness, and attendance tracking systems that kept the program on schedule and every stakeholder informed.
- Facilitated leadership sessions for a diverse group of graduate students, learning and adapting delivery in real time to sustain participation and engagement throughout the cohort.

Talent Acquisition Intern | *Futura Consultancy, Chennai, India* **Apr - Jun 2024**

- Owned candidate scheduling and interview coordination across 5+ concurrent open roles, coordinating 40+ interviews total while maintaining timely, professional communication with candidates and stakeholders.
- Built recruiting tracking infrastructure from scratch in Excel, improving data accuracy and visibility and streamlining the process so that time spent per search was reduced by half.

GRADUATE PROJECTS

HR Policy, Compliance & Talent Strategy | *IFSI Consulting Engagement for Nonprofit Client, Northeastern University* **Jan - Mar 2026**

- Identified 4 compliance gaps in a nonprofit client's HR infrastructure against U.S. standards and built a phased 3-year remediation roadmap to close them, covering governance, change management, and rollout sequencing.
- Developed supporting compensation, benefits, and performance management framework recommendations, including a compensation philosophy and pay-for-performance principles, to strengthen retention and regulatory compliance.

Amazon Fulfillment Center Operational Strategy & People Analytics | *Extern.com Externship* **Jun - Aug 2026**

- Built a five-stage analytics pipeline, text cleaning, sentiment analysis, workforce segmentation, and root-cause analysis, to analyze 137 employee reviews and video transcripts from Amazon Fulfillment Centers.
- Found that structured reviews captured employee concerns about surveillance and dehumanization in only 17% of cases versus 60% in unstructured commentary, then used the finding to design a pilot-ready intervention with defined success metrics.
